

MAKE EVERY VOTE COUNT-ALWAYS!

PPR123: 'Perfect Proportional Representation' + 'Instant Runoff Voting' = 'True' Democracy!

*This is an original proposal on Electoral Reform,
PPR123 (Perfect Proportional Representation),
submitted to the Minister of Democratic Institutions and members of
ERRE: The Special Parliamentary Committee on Electoral Reform,
and to the party leaders of the Parliament of Canada.*

=====

"Perfect Proportional Representation" is here!

Look no further: **PPR123** is just what you've been looking for!

PPR123 is also precisely what party-based representative *Democracy* has always needed.
But it simply hasn't been possible—*until now!*

PPR123 (Perfect Proportional Representation) is clearly superior to all other electoral systems:

- *Integrity* **PPR123** is the only 'truly' **honest** system (*absolutely **fair** to every voter, candidate and party*)
- *Simplicity* literally *as simple as 1-2-3*; no need to (*ever*) change ridings
- *Results* Perfect PR; true '*democratic legitimacy*' for every MP and Government; no '*strategic voting*'
- *Promise* the only voting system that can 'truly' fulfill the promise to "**Make Every Vote Count**"!

These are bold statements. These statements are also objectively '*true*'. That's why
PPR123 is worthy of careful consideration by everyone who wants the *best* electoral system.
